#### 1. A brief introduction of

#### The YYI MFBM Nei Ming Chan Lui Chung Tak Memorial College

The school started to adopt Invitational Education in 2006. Being the award recipient of the series of IAIE awards, namely the 2008 Inviting School Award, the 2010, 2011 2013 and 2015 Paula Helen Stanley Fidelity IE Awards, they have been applying, evaluating and adopting the 'IE' theory and fostering the 5 core values namely Respect, Trust, Intentionality, Optimism and Care to their school culture. They aim to promote an inviting atmosphere to help their students to realize their potentials and achieve higher goals.

They hold the belief that their students have many untapped potentials. Through the effective use of strategies such as Artful Learning to invite and create appropriate platform for their unrevealed talents to shine, all these students who may not be very bright academically could also achieve.

**Our belief:**  
*Every student can shine*

**Students' belief:**  
*Yes, I can.*

*STRIVE FOR EXCELLENCE,*

*SUCCESS IS AHEAD*

#### 2. The theme of the sharing

##### Creating a platform to release the untapped potentials of students

Invitational Education is a theory in practice that addresses the quality of the educational

environment and it promotes positive relationships between members of the school community. The school intentionally cultivates a full-scale of inviting environment for students to showcase their potentials.
