

## **IE School Visit: Creative Secondary School**

I am pleased to inform you that with the support of Creative Secondary School which had implemented IE since 2007, IAIE(HK) is able to organize the visit to exchange ideas about implementation of IE with details as below. Your school is cordially invited to participate and grateful if you could **fax in your nomination by 16 March 2015** for enrollment.

### **1. A brief introduction of Creative Secondary School**

Creative Secondary School (CSS) is a whole-day Direct Subsidy Scheme (DSS) school in Hong Kong. Creative Education Foundation is the School Sponsoring Body of Creative Secondary School. It is a non-profit charitable organization sponsored by Creative Educators Ltd, operator of Creative Primary School and its Kindergarten. The schools share the following approaches, Invitational Education (IE), International Baccalaureate (IB), Age appropriate Language Learning, Balance of Academic Advancement & Personal Growth and Partnership with External Organizations. Creative Primary School is the first primary school in Hong Kong to receive an Inviting School Award from IAIE. CSS is a recipient of the Inviting School Award in 2010. It is a rather unique school where their children are happy, confident and thriving. Relationships between students, teachers and parents are positive, informal and respectful.

### **2. The theme of the sharing**

**Be Positive , Act Positively 正面思維 · 知行合一**

Invitational Education is a theory in practice that addresses the quality of the educational environment and it promotes positive relationships between members of the school community. It intentionally invites positive human interaction in a school through a culture of mutual respect, trust and optimism. As a result of the positive environment, members of the school community are encouraged to develop intellectually, socially, physically and spiritually while realizing the unique potential of every individual.

### 3. A tentative schedule of the visit on 26 March 2015 (Thursday)
